

SD #73 BCeSIS Secondary Teacher Assist Resource Manual

Missing Assignments Button

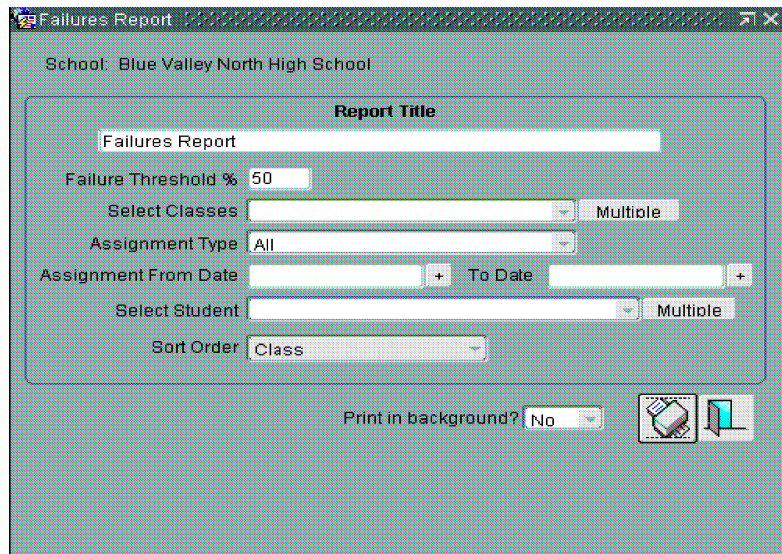

Calls Missing Assignment Report (TA) Select the criteria you want included in the report, which shows students who have missing assignments. If the Select Classes field or the Select Student fields are left blank, All Classes or All Students will be included. If the Date fields are left blank, the whole year will be included in the report.

The screenshot shows a window titled "Missing Assignments" for "Blue Valley North High School". It features a "Report Title" field containing "Missing Assignments". Below this are several configuration options: "Select Classes" (dropdown menu), "Assignment Type" (dropdown menu set to "All"), "Assignment From Date" and "To Date" (date pickers with "+" buttons), "Select Student" (dropdown menu), and "Sort Order" (dropdown menu set to "Class"). At the bottom right, there is a "Print in background?" checkbox set to "No" and two printer icons.

Failures Button

Calls Failures Report. This report shows students failing assignments based on the Failure threshold. Select the criteria to be included on the report. If the Select Classes field or the Select Student fields are left blank, All Classes or All Students will be included. If the Date fields are left blank, the whole year will be included in the report.

The screenshot shows a window titled "Failures Report" for "Blue Valley North High School". It features a "Report Title" field containing "Failures Report". Below this are several configuration options: "Failure Threshold %" (text input field with "50"), "Select Classes" (dropdown menu), "Assignment Type" (dropdown menu set to "All"), "Assignment From Date" and "To Date" (date pickers with "+" buttons), "Select Student" (dropdown menu), and "Sort Order" (dropdown menu set to "Class"). At the bottom right, there is a "Print in background?" checkbox set to "No" and two printer icons.
